

# NEW ASSESSMENTS AND THE COMMON CORE STATE STANDARDS

WISCONSIN STATE READING ASSOCIATION 2014  
SESSION E17

**Office of Student Assessment:**

**Viji Somasundaram**

Education Consultant

**Peggy Roush**

College and Career Readiness Assessment Coordinator

WISCONSIN  
DEPARTMENT OF  
**PUBLIC**  
INSTRUCTION

# Agenda 2017

## Standards & Instruction

- *What and how should kids learn?*

## Assessments and Data Systems

- *How do we know if they learned it?*

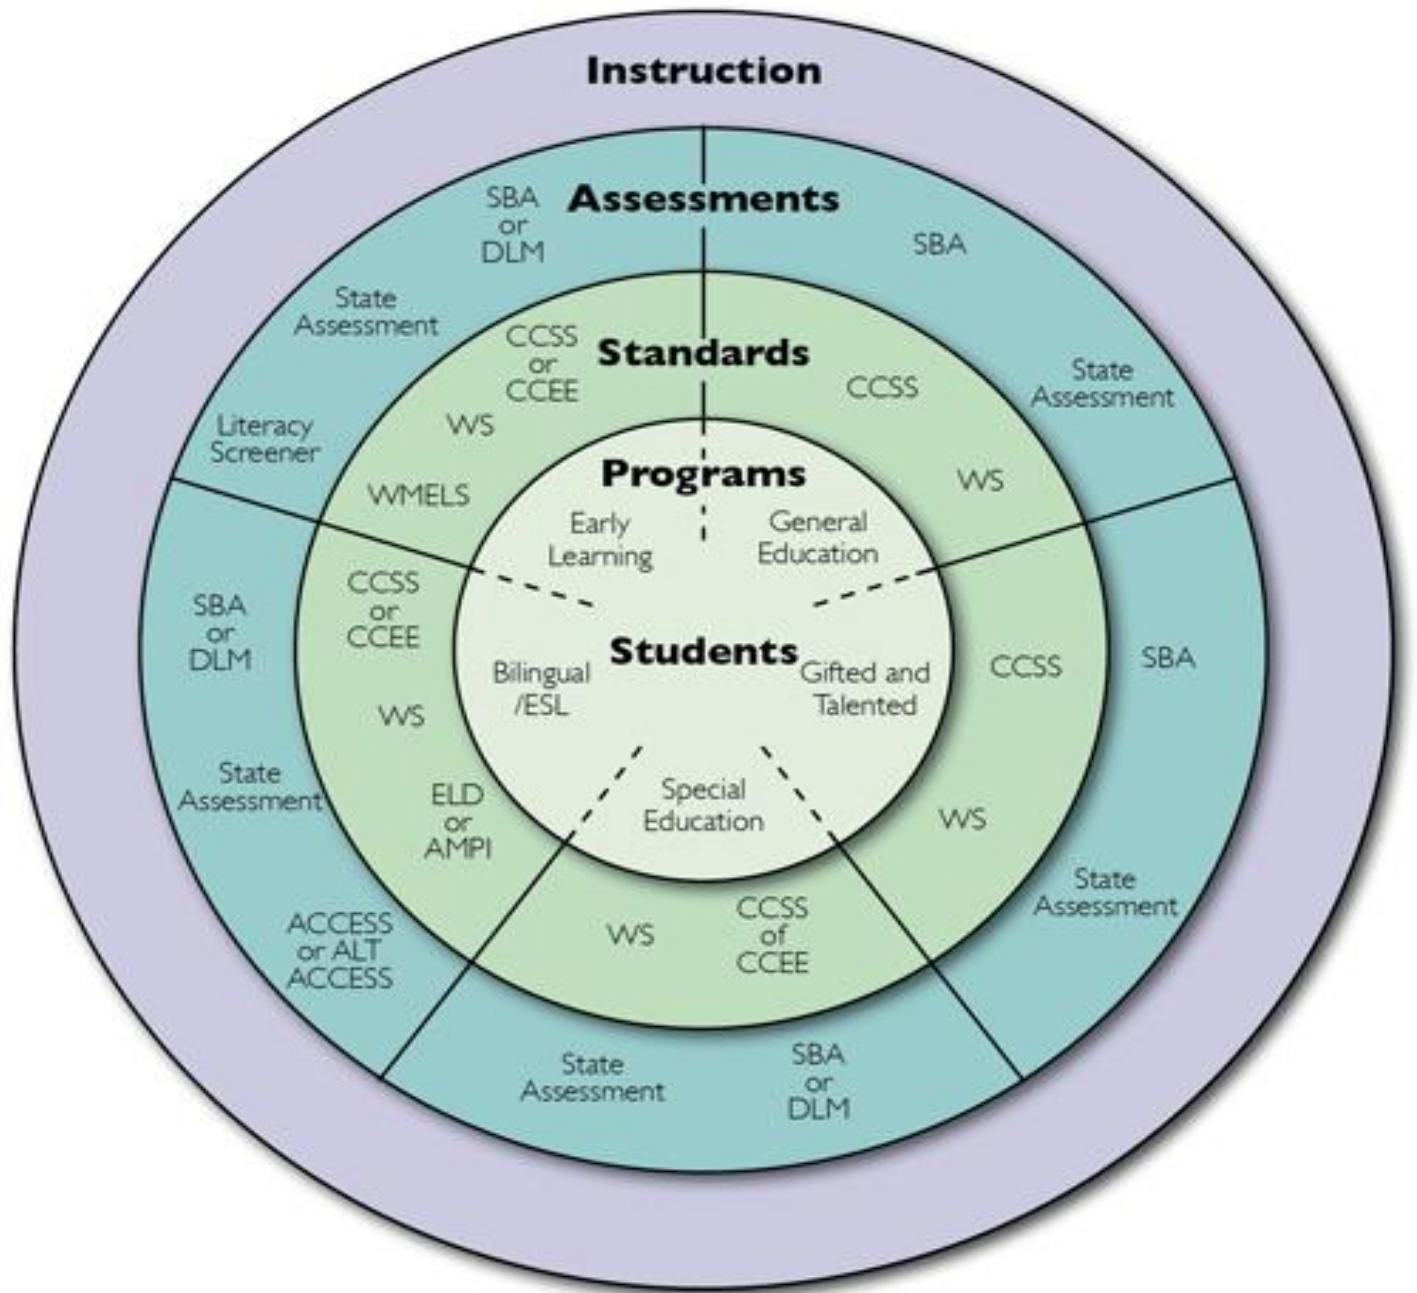

## School and Educator Effectiveness

- *How do we ensure that students have highly effective teachers and schools?*

## School Finance Reform

- *How should we pay for schools?*

# The Assessment Challenge

How do we get from here...

**Common Core  
State Standards  
specify K-12  
expectations for  
college and  
career readiness**

...to here?

**All students  
leave high school  
college and  
career ready**

...and what can an  
assessment system  
do to help?

# WISCONSIN ASSESSMENTS

An Overview

# Assessments Timeline

(Dates indicated are approximate)

# Assessments and Grade Levels

| Assessment                                    | Grade Level Given                   |
|---|-------------------------------------|
| ACCESS for ELLs & Alternate<br>ACCESS for ELL | K through 12,<br>Alt Access 1-12    |
| ACCESS 2.0 for ELLS                           | K-12 (begin 15-16)                  |
| ACT Aspire™ Early High School<br>9-10         | 9-10 (begin 14-15)                  |
| The ACT®                                      | 11 (begin 14-15)                    |
| ACT WorkKeys®                                 | 11 (begin 14-15)                    |
| Dynamic Learning Maps (1%<br>pop.)            | 3 through 8 and 11<br>(begin 14-15) |
| NAEP  | 4, 8, and 12                        |

# Assessments and Grade Levels

| Assessment                                    | Grade Level Given                       |
|---|---|
| PALS  | K4, K, 1, and<br>(begin 14-15) 2        |
| Smarter Balanced                              | 3 through 8 (begin 14-15)               |
| WKCE & WAA-SwD, ELA and<br>Mathematics        | 3 through 8 and 10<br>(last year 13-14) |
| WKCE & WAA-SwD, Social<br>Studies and Science | 4, 8, and 10                            |

# ACT SUITE OF ASSESSMENTS

Wisconsin High Schools

WISCONSIN  
DEPARTMENT OF  
PUBLIC INSTRUCTION

# High School Assessments

| Grade | Assessment                    | Calendar        |
|-------|-------------------------------|-----------------|
| 9     | ACT Aspire™ Early High School | Fall and Spring |
| 10    | ACT Aspire™ Early High School | Spring          |
| 11    | The ACT® Plus Writing         | Spring          |
| 11    | ACT WorkKeys®                 | Spring          |

# ACT Suite of Assessments

The ACT: High School accountability

Growth will be reflected in high school

ACT Aspire™ Early High School 9-10 will replace Explore and Plan

Aspire migration website:

Finalizing contract with ACT

# ACT Aspire™

## Early High School 9-10

- English, Writing, Mathematics, Reading, and Science
- Predicted ACT score for each subject area and Composite
- Computer-based

# Benefits

- Identify gaps within a student
- Identify students in need of intervention
- Identify students in need of academic challenges
- Determine college and career readiness
- Map student growth

# ACT Aspire™ 9-10

## Summative Reporting

Student Longitudinal Growth charts showing personalized progress

Predicted ACT Scores for each subject and Composite

National Median Scores to provide Grade Level Context

National Norms

ELA Combined Score (English, Reading & Writing)

Reading Text Complexity Scores

STEM Combined Score (Science & Math)

Work Readiness Measure

# The ACT<sup>®</sup> Plus Writing

- High school accountability
- Paper and Pencil

| Tests   | Questions | Minutes |
|---------|-----------|---------|
| English | 75        | 45      |
| Math    | 60        | 60      |
| Reading | 40        | 35      |
| Science | 40        | 35      |
| Writing | 1         | 30      |

# ACT Benchmarks

- Scores on the ACT subject-area tests that represent the level of achievement required for students to have a **50% chance of obtaining a B or higher** or about a **75% chance of obtaining a C or higher** in corresponding credit-bearing first-year college courses.
- These college courses include English composition, college algebra, introductory social science courses, and biology.

# WorkKeys®

WorkKeys assessments measure “**real world**” workplace skills critical to job success.

Approximately **15 million** WorkKeys assessments been administered.

# ACT WorkKeys<sup>®</sup>

- Areas tested:
  - Applied Mathematics
  - Locating Information
  - Reading for Information
- Paper and Pencil
- Skills necessary for every type of employment including professional, technical, and managerial.

# Alignment of ACT and CCSS

- Wisconsin is a CCSS state.
- The Alignment of Common Core and ACT's College and Career Readiness System, June 2010:  
<http://www.act.org/commoncore/pdf/CommonCoreAlignment.pdf>
- 3<sup>rd</sup> party independent study of the alignment of ACT Aspire with the Common Core State Standards

# College and Career Readiness

## ACT

- The knowledge and skills a student needs to be ready to enroll and succeed—without remediation—in credit-bearing first-year courses at a postsecondary institution (such as two or four year college, trade school, or technical school).  
\*Workplace readiness demands the same level of knowledge and skills as college readiness.

## Wisconsin

- The knowledge, habits, and skills, needed to succeed without remediation in postsecondary education and/or training. This includes two-or four-year institutions, technical/vocational programs, or community colleges, participation in apprenticeships or significant on-the-job training; and/or enlistment in the military. These habits, skills and knowledge come from a rigorous, rich, and well-rounded curriculum and effective schools.

# College and Career Readiness

## ACT

- The **knowledge and skills** a student needs to be ready to enroll and **succeed—without remediation** —in credit-bearing first-year courses at a **postsecondary institution** (such as **two or four year college, trade school, or technical school**).  
\* **Workplace readiness** demands the same level of knowledge and skills as college readiness.

## Wisconsin

- The **knowledge, habits, and skills**, needed to **succeed without remediation** in **postsecondary education and/or training**. This includes **two-or four-year institutions, technical/vocational programs, or community colleges, participation in apprenticeships or significant on-the-job training; and/or enlistment in the military**. These habits, skills and knowledge come from a rigorous, rich, and well-rounded curriculum and effective schools.

# PALS

Literacy Screener

WISCONSIN  
DEPARTMENT OF  
PUBLIC INSTRUCTION

# Phonological Awareness Literacy Screener (PALS)

- Screener at K last year.
- Extended to K4 and Grade 1 this year.
- Grade 2 in 2014-2015
- Two purposes:
  - Identify students at risk of reading failure for intervention
  - Provide formative information on individual students.
- Part of statewide assessment system but not a summative assessment!

# PALS and the Common Core State Standards

- Align with both the Common Core State Standards in English (CCSS) and the Wisconsin Model Early Learning Standards (WMELS).
- WMEL alignment with CCSS:  
<http://ec.dpi.wi.gov/files/ec/pdf/elsalign.pdf>

# SMARTER BALANCED

Wisconsin Grades 3 - 8

WISCONSIN  
DEPARTMENT OF  
PUBLIC INSTRUCTION

The logo for the Wisconsin Department of Public Instruction, featuring a stylized blue silhouette of an adult and a child sitting together.

# Smarter Balanced supports Wisconsin's vision of encouraging all students to aim high while giving all educators the tools to help them

## Wisconsin's aspirations

## How Smarter Balanced helps fulfill...

**Increase expectations for all students**, simultaneously raising academic standards, graduation rates, and student achievement

- Aligns with rigorous current [state] standards
- Assesses ability to solve complex problems and interpret and synthesize data from multiple sources

**Prepare students for today's world** by emphasizing career and college readiness and using technology to inform instruction

- Emphasizes skills valued by employers and higher education
- Enables more precise assessment, faster reporting, and different item types via computer-adaptive assessments

**Provide teachers, parents, and students with timely and actionable information** that allows them to personalize instruction to best meet the needs of individual learners

- Measures individual student achievement with greater precision using computer-adaptive assessment that tailors tests to students as they take them
- Online system dramatically speeds scoring/reporting
- Perfectly aligns interims with summative ("no surprises")

**Improve accessibility for special student populations**, including English-language learners and students with disabilities

- Employs "universal design" principles to maximize item comprehension across all student groups
- Enables greater investment in accommodation (e.g., item translation) than would be feasible for a single state by leveraging the multi-state consortium

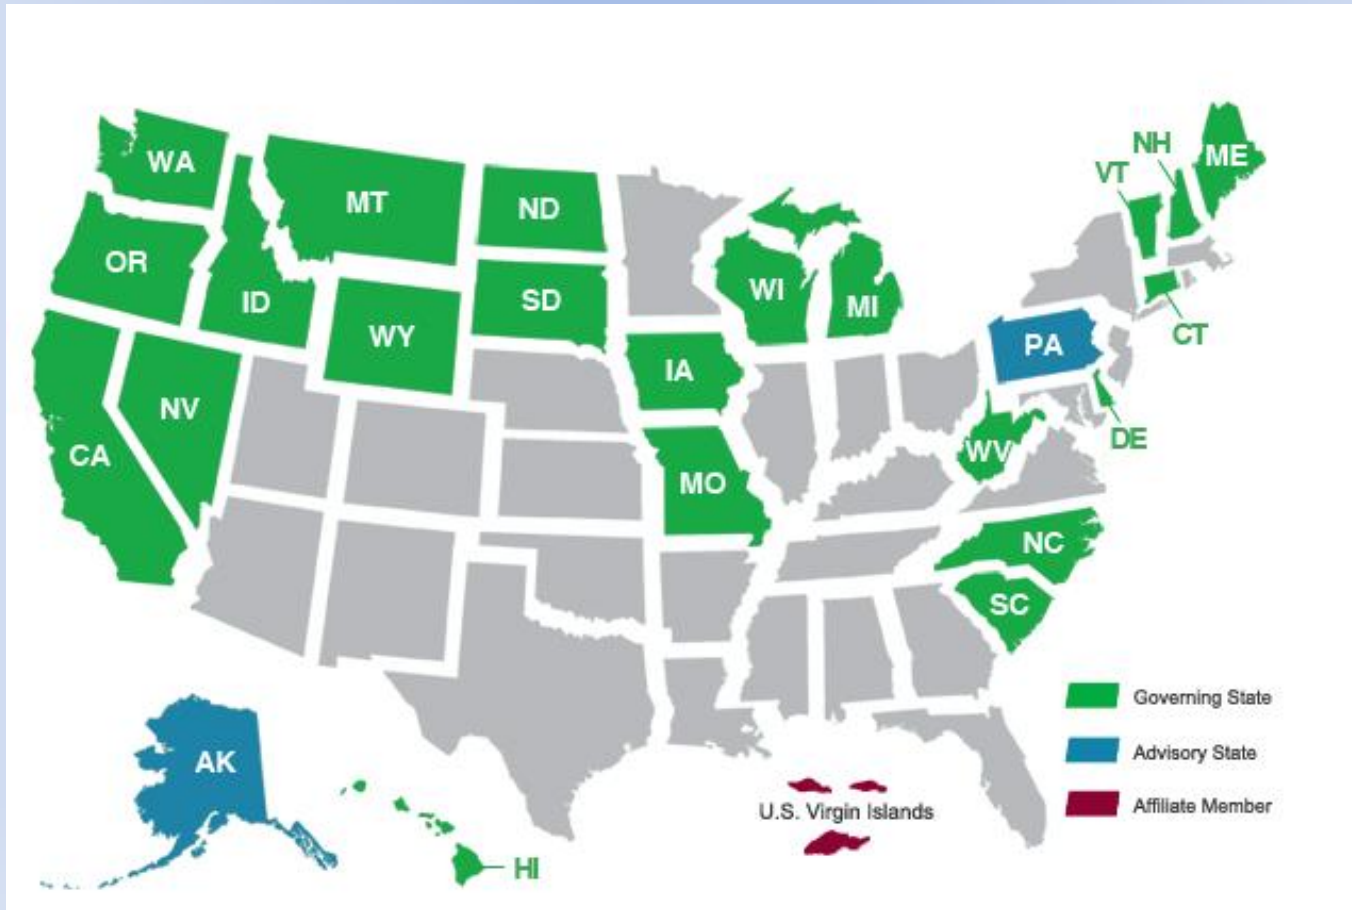

**Give all districts the ability to adopt high-quality student growth measures** at the lowest-possible cost

- Minimizes additional cost of interim assessments by allowing districts to leverage the same system used for year-end state tests

**Provide teachers and teacher training programs with tools** to promote best-practice instruction

- Includes easy-to-access library of formative tools and professional development material for both current and future teachers

# Smarter Consortium – Member States

# Smarter Assessment System

ELA/Literacy and Mathematics, Wisconsin Grades 3-8

School Year

Last 12 weeks of the year\*

**DIGITAL LIBRARY** of formative tools, processes and exemplars; released items and tasks; model curriculum units; educator training; professional development tools and resources; scorer training modules; and teacher collaboration tools.

**Optional Interim Assessment**

Computer Adaptive Assessment and Performance Tasks

**Optional Interim Assessment**

Computer Adaptive Assessment and Performance Tasks

Scope, sequence, number, and timing of interim assessments locally determined

**Summative Assessment for Accountability**

**Performance Tasks**

- ELA/Literacy
- Mathematics

**Computer Adaptive Assessment**

- ELA/Literacy
- Mathematics

Re-take option available

\*Time windows may be adjusted based on results from the research agenda and final implementation decisions.

# Wisconsin Educator Involvement in Smarter Assessment Development

Approximately 150 Wisconsin educators participated in the following activities:

| Pilot Test Range-Finding                    | Stimulus Content Review            |
|---|------------------------------------|
| Formative Digital Library                   | Stimulus Bias & Sensitivity Review |
| Reporting Focus Groups                      | Stimulus Accessibility Review      |
| Alignment Study                             | Item Content Review                |
| Item Writers                                | Item Bias & Sensitivity Review     |
| Initial Achievement Level Descriptor Review | Item Accessibility Review          |

# Technology Readiness

- Nov 2013 Assessment readiness Survey – **95.88% Completed**
- Device and Bandwidth Readiness (*Current n = 1787 sites*)

|             |              |  |
|-------------|--------------|--|
| <b>1642</b> | <b>91.9%</b> | Number of schools/sites Device Ready = <b>YES</b> and Bandwidth Ready = <b>YES</b> |
| <b>68</b>   | <b>3.8%</b>  | Number of schools/sites Device Ready = <b>YES</b> and Bandwidth Ready = <b>NO</b>  |
| <b>52</b>   | <b>2.9 %</b> | Number of schools/sites Device Ready = <b>NO</b> but Bandwidth Ready = <b>YES</b>  |
| <b>25</b>   | <b>1.4%</b>  | Number of schools/sites Device Ready = <b>NO</b> and Bandwidth Ready = <b>NO</b>   |

Please contact Stuart Ciske, DPI Technology Readiness Coordinator at [Stuart.Ciske@dpi.wi.gov](mailto:Stuart.Ciske@dpi.wi.gov), regarding technology readiness related questions.

# English Language Arts (ELA) Testing Time

# Universal Tools

Breaks

English Dictionary (for ELA performance task full writes)

English Glossary (only for Mathematics)

Expandable passages (for ELA performance tasks)

Global notes

Highlighter

Mark for review

Spell check (for selected assessment targets)

Strikethrough

Writing tools - (i.e., bold, italic, bullets, undo/redo) available for student-generated responses

Zoom

# Universal Tools

*Smarter Accommodations and Accessibility manual:*

[http://www.smarterbalanced.org/wordpress/wp-content/uploads/2013/09/SmarterBalanced Guidelines\\_091113.pdf](http://www.smarterbalanced.org/wordpress/wp-content/uploads/2013/09/SmarterBalanced_Guidelines_091113.pdf)

# Translation

- Translated glossaries will be available only for mathematics in different languages and dialects including:
  - Spanish, Vietnamese, Arabic, Tagalog, Ilokano, Cantonese, Mandarin, Korean, Punjabi, Russian, and Ukrainian

# Practice Test

- A Practice Test available for:
  - Grades 3-8
  - ELA and Mathematics

Accessible through Smarter Balanced website:

<http://www.smarterbalanced.org/practice-test/>

# Practice Test Description

- Composed of a range of quality Items from Pilot Test pool
- Fixed form

The screenshot shows a web form titled "Please Sign In" with a user icon in the top right corner. The form is divided into two sections, each with a checked checkbox:

- Guest User:** Contains two input fields: "First Name:" with the value "GUEST" and "State-SSID:" with the value "GUEST". Below the State-SSID field is a small example: "(ex: ST-9999999123)".
- Guest Session:** Contains one input field: "Session ID:" with the value "GUEST Session".

At the bottom right of the form is a "Sign In" button. Below the form, there is a paragraph of instructions: "To log in to the Practice Test, simply select [Sign In], then navigate through the login screens." In the bottom right corner, it says "Browser: Chrome v28.0."

# Performance Tasks

- Challenge students to apply knowledge and skills to respond to real-world problems.
- Collections of questions and activities that are coherently connected to a single theme or scenario.
- Measure capacities such as depth of understanding, research skills, and complex analysis, which cannot be adequately assessed with selected or constructed response items.
  - In English Language Arts/Literacy, tasks require students to integrate research and writing.
  - Each Smarter Balanced assessment in a content area, ELA or Mathematics, will contain one performance task.

# Classroom Activity

Takes place before the student engages in the performance task on the test.

Provides context-setting information so that all students, regardless of their backgrounds and experiences, will be able to demonstrate understanding of the content.

Looks and feels a lot like a typical classroom lesson where the teacher might lead a discussion or engage students in informal group work when they are introduced to a new unit or lesson.

Although students participate in the **classroom activity** together, the performance task that follows is an individually administered task that **does** contribute to a student's overall score.

# Wisconsin Participation in Smarter Pilot Test

## Approximate Participation

- 30,000 students
- 330 schools

# Wisconsin Participation in Smarter Field Test

## Approximate Wisconsin Selection for Participation

- 60,000 students
- 400 schools

# Field Test Student Data Upload

- State uploads the student data for participating schools and grades in the Smarter Test Information Distribution Engine (TIDE)
- DACS check for accuracy, update the student information, and include accessibility features based on Smarter accessibility manual
- For information on updating student settings, refer to the *TIDE User Guide* on the portal.

<http://sbac.portal.airast.org/>

# Training Test

- The consortium developed a training test at each grade band for the schools who will be participating in the field test.
- This tool provides a “training opportunity” for students to experience most features, functionality, and items types included on the field test.
- It is designed to provide students with an opportunity to quickly become familiar with the software and interface features that will be used in the field test.
- [Training test is available at http://sbac.portal.airast.org/](http://sbac.portal.airast.org/)

# Field test Trainings and Manuals

- **Online Field Test Administration Manual (TAM)** - policies and procedures for the Smarter Balanced Field Test as well as screenshots and step-by-step instructions on how to administer the Online Field Tests.
- **Technology Specifications Manual for Online Testing (TSM)** - technical specifications for online testing for technology coordinators, including information about Internet and network requirements, hardware and software requirements, secure browser installation, and text-to-speech function. [http://sbac.portal.airast.org/wp-content/uploads/2013/07/SmarterBalanced\\_TechnicalSpecificationsManual.pdf](http://sbac.portal.airast.org/wp-content/uploads/2013/07/SmarterBalanced_TechnicalSpecificationsManual.pdf)

# Field Test Trainings and Manuals

- **Test Information Distribution Engine (TIDE) User Guide Manual** - information on how to allow authorized personnel to create user accounts and manage students' test settings for the Field Test administration.
- **Test Administration User Guide (TA) Manual** - detailed information about the test delivery system.
- **Usability, Accessibility, and Accommodations Guidelines** -These Guidelines describe the Smarter Balanced universal tools, designated supports, and accommodations available for the Smarter Balanced assessments at this time.

# Smarter Assessment Status

DPI Office of Student Assessment developed an RFP regarding Smarter Assessment implementation in Wisconsin

Wisconsin Department of Administration (DOA) is currently reviewing the RFP

After DOA approval, RFP will be issued and a contract will be in place

Customized trainings and manuals specific to WI will be made available after the beginning of the contract

# **DYNAMIC LEARNING MAPS (DLM)**

Wisconsin Alternative  
Assessment

**DYNAMIC LEARNING  
MAPS CONSORTIUM**

# Students with Significant Cognitive Disabilities

## Students

- (1) who are within one or more of the existing categories of disability under the IDEA [Individuals with Disabilities Education Act] (e.g., autism, multiple disabilities, traumatic brain injury, etc.)
- (2) whose cognitive impairments may prevent them from attaining grade-level achievement standards, even with the very best instruction.

(U.S. Department of Education, 2005, p. 23)

# Outcomes of the Consortium

New alternate achievement standards based on the CCSS for ELA and Math.

Learning maps will include tasks of various proficiency levels leading to formative assessment and tools for educators.

Annual summative assessment (used for accountability purposes), online, adaptive.

Professional development modules for teacher training.

Advanced feedback and reporting systems (including growth modeling).

# Common Core Essential Elements

- The Common Core Essential Elements (CCEE) are specific statements of the content and skills that are linked to the Common Core State Standards (CCSS) grade level specific expectations for students with significant cognitive disabilities.

Wisconsin

Department of

# Common Core Essential Elements

Links to grade level Common Core State Standards

Content and skills that provide grade differentiated expectations

Challenge and rigor appropriate for students with significant cognitive disabilities

# ELA Example

## Common Core

### State Standard RL 6.2

**Determine a theme or central idea** of a text and how it is conveyed through particular **details**; provide a summary of the text distinct from personal opinions or judgments.
