

WSRA 2024 Session: Teachers as Professionals, Teaching as a Profession

EQUITY PROJECT TEMPLATE

Directions: Use this template to engage in a short-term experiment around a present challenge in your context. (Adapted from: *Rethinking Positive Thinking* by Dr. Gabrielle Oettingen).

Features of equitable instruction (Source: "[Relevant Curriculum is Equitable Curriculum](#)" by Dr. Chaunté Garrett):

- Reduces obstacles
- Increases supports
- Meet students where they are

1. WISH: What is your most important wish ("favorite problem") in your professional life?

2. OUTCOME: What would be the best thing, the best outcome if you fulfilled your wish?

3. CHALLENGE: What's standing in you and your students' way of achieving this wish?

4. PLAN: What series of steps can you take to engage with this challenge?

Intention Implementation Stem: "Because I am experiencing _____ (obstacle),
I will _____ (plan) at _____ (time) in _____ (location)."

- Who are you partnering with on this project?*
