

Midwest Wisconsin Reading Council and WSRA

Invite you to their annual fall event

Featuring Trevor Bryan

The Art of Comprehension

In this session, Trevor will share his tools and approach to help students engage comprehension strategies quickly, meaningfully and yes, even enjoyably. Trevor's approach helps students to notice key details, synthesize key details, make inferences, use evidence to support their thinking, discuss symbolism, identify themes and make strong-link text-to connections.

Because the approach starts with visual images, and can be taught to non-readers and striving readers, it is an excellent whole school approach to teaching comprehension strategies. Several sample texts will be explored.

Wednesday, September 27, 2023

6:00 pm

This will be a virtual event.
