

**Join the Rock River Reading Council to learn more about how to  
Intensify Classroom Routines**

**Presented by Dr. Michael Ford**, a professor emeritus from the UW-Oshkosh, served as chair of the Dept. of Literacy and Language and a Professor in the teacher ed. program for 29 years.

**Topic summary:** Have your class routines become a bit routinized? In this presentation, we will look at how to get more mileage out of typical class routines in elementary literacy programs. Based on Dr. Ford's new book, let's intensify our large group activities to maximize their power and reach more readers and writers. We will also share a few other new books that you will want to integrate into your routines and share with your students. We may even sing a song or two! :)
