

MADISON AREA READING
COUNCIL PRESENTS.....

REIMAGINING LITERACY THROUGH GLOBAL COLLABORATION

with guest speaker Pernille Ripp

TUESDAY, SEPTEMBER 24, 2019 AT 6:00PM
LONE GIRL BREWING COMPANY - WAUNAKEE, WI

Have you ever wondered what can happen when you integrate technology into your literacy instruction? Pernille Ripp and her students have been reading, writing, and discussing with the world since 2010, fundamentally changing the way she teaches and how her students read and write. Join us as we share ideas for how technology can take your literacy instruction to a new level, including ways to use Skype, Twitter, Edmodo, blogging, and many other tech tools that will allow for global collaboration, cross-curricular projects, and sparking the love of reading and writing in students.
